

Wood Play Woodworking Workshops – Easter 2026

Seeking a creative and fun activity for your children this Easter holidays? Then check out these two weeks of Holiday Woodworking Workshops at the Wood Play Studio in Coburg.

Holiday Woodworking Workshops

Starting Tuesday April 7, Wood Play is offering two weeks of woodworking workshops at our studio in Coburg. During these two and a half hour workshops, participants will design and make projects of their own creation using hand tools including pull saws, fret saws, planes and spokeshaves.

The best part about these workshops is that participants can come woodworking as much as they want during the holidays. To ensure the best experience and enough time to create and complete their pieces, Wood Play recommends participants complete a minimum of two or three consecutive workshops each week.

- **2 x weeks of holiday workshops 2.5 hours long (see timetable below)**
- **Both beginners and more experienced makers welcome**
- **Suitable for ages 7 to 15 years**
- **\$66 inc gst per workshop plus materials****

***a small material fee will be charged dependent on the number of workshops attended*

Mother's Day Workshops

Mother's Day is coming up on Sunday May 10, so Wood Play is also offering three days Mother's Day workshops. During this three-day series participants will design and make their own special gift for Mum or choose from a range of Mum inspired projects.

- **3 x Mothers Days workshops 2.5 hours long (see timetable below)**
- **Both beginners and experienced more makers welcome**
- **Suitable for ages 7 to 15 years**
- **\$238 inc gst – everything provided**

Give you child the opportunity to have some genuine fun and build their creative skills as they make a gift to remember always. For more information contact John Madden hello@wooddustaustralia.com.au

About Wood Play Studio

Wood Play Studio is a woodworking workshop for young people located in the heart of Coburg. We have a fully equipped workshop featuring traditional hand tools, electric hand tools, benches of all sizes and woodworking machinery.

Wood Play offers regular woodworking courses covering design, technical drawing, the safe use of hand and electric tools, construction and finishing. In addition to practical skills, studio participants build self-confidence and strengthen personal skills including creativity, problem solving, collaboration and teamwork.
